PREPARE FOR GREAT THANKSGIVING GAME

Agricultural College, N. M., Nov. 22.

Preparations are going forward for the important game to be played here Thursday. The athletic field will be in the best of condition, as it was irrigated several days ago. A grand ball will be given in honor of the visitors Thanksgiving night, and every effort will be put forth to treat them royally.

A new club under the symbol of K. G. O. has been started. The membership of the first meeting was necessarily small because it was the object of those investigating the movement not to disclose any of the proceedings. A committee of one was appointed to post a notice inviting any college people to attend the meeting next Wednesday noon. Brownlee, Thomassen, Laffiere, Windsor, Campbell, W. Patterson and Wilson E. are the moving spirits in the new movement.

The subject in the Christian Endeavor society at Mesilla Park was "Thanksgiving." Burton Pike led the meeting, which was well attended.

A hard fought game was played on the field between the third team and a team from Las Cruces, which consisted largely of college boys. The score was 12 to 0 in favor of the third team.

A new college song has been composed by one of the professors and will be sung by the students at the game Thursday. President Garrison is expected home today from the convention at Santa Fe. A committee of students will meet here as soon as they can to present a petition from the student body asking for a holiday next Friday.

The Landscape class, under Prof. Garcia, has just finished drawing planting plans for the El Paso Normal school at El Rila, N. M. Each student prepared a different style and blue prints were made of the plans and forwarded to the management of the new school.

Miss Dickerson and Miss Shearer, both of Chihuahua, Mex., sisters of Frank Dickerson and Ethel Shearer, respectively, visited a few days on their way to California.

Miss Ethel Clapp, of Hatch, N. M., has been visiting the Lewis family at Mesilla Park for a few days.

Las Cruces, N. M., Nov. 22.—Henry Stoes, who was so seriously ill for several days that he had to be taken to Hotel Dieu at El Paso, his sickness resulting from a blow on the head while playing with his children, has so far recovered as to be able to be at the store for an hour or two each day, but is still very weak.

ATTENTION IN LAS CRUCES.**

Las Cruces, N. M., Nov. 22.—The concrete mixer which is being used for the foundation work on the new May building has been a source of considerable interest and quite a crowd can always be seen around the place watching its operation, as this is the first machine of the kind to be used in Las Cruces. The work is progressing rapidly and the Las Cruces Lumber company will begin on the carpenter work within a short time. May brothers expect to get into the new building in February.

**THINK AN ORIGINAL GANG
OF BURGLARS ARE AT WORK.**

Las Cruces, N. M., Nov. 22.—Another burglary was attempted at Freeman & Walker's grocery store, which, following so soon upon previous burglary, leads the authorities to suspect that there may be an organized gang of young thieves in town.

Sunday night a front window was broken out of the grocery store and several bottles of olives taken. It is supposed that the night marauders were frightened away before they had gained entrance into the store, the stuff that was taken having been reached from the outside through the broken window.

EL PASO'S HELP.

Las Cruces, N. M., Nov. 22.—The local lodge, Knights of Columbus, has initiated a class of 12 members. The local lodge was assisted in the degree work by a team from El Paso.

The initiation commenced at 11 o'clock in the courthouse and continued until late in the afternoon, after which the lodge and the visiting brothers adjourned to the Park hotel where they enjoyed a fine supper. Notice to Fat Women

Presumably you know, ladies, that the proper caper nowadays is lines. Curves are passe. You have got to take off your fat. This must be done in one of three ways: By dieting, by exercises, or by means of Marmola Prescription Tablets. The two former will keep you busy for months and punish you pretty severely, the latter will cost you 75 cents at the druggist's. The tablets will not make any alteration in your diet necessary, and yet in all probability, before you have used up one case, you will be losing from 12 to 16 ounces of fat a day. Which method do you like the best? If you fancy this pleasant method of getting off the fat, see your druggist instantly, or else write the Marmola Co., 737 Farmer Bldg., Detroit, Mich., to send you a case by mail. These cases contain so generous a quantity of tablets that the treatment is very economical. It is, also, quite harmless, for the tablets are made exactly in accordance with the famous Marmola Prescription.
